

## OHSP FY2003 Michigan Law Enforcement Challenge Eligibility Criteria for the Regional and Grand Prize Award Drawings

The Agency must:

1. Participate in all 4 waves and meet the criteria to be eligible for the regional and grand prize drawings.
2. Demonstrate a commitment to traffic safety training by indicating the types of training officers have received, and/or what training they plan to receive throughout the year.
3. Demonstrate that all officers were made aware of each of the four mobilizations, what the mobilizations entailed and when they were occurring, such as addressing roll call, letters from the Chief/Sheriff/Post Commander, roll call video, or an officer sign-in sheet stating they understand the mobilizations.
4. Demonstrate increased enforcement during the mobilization period and identify how extra enforcement was committed to the mobilization. Examples include dedicating traffic units or 416 cars, asking officers during down times to focus on belts or alcohol violations (depending on which **mobilization** being worked), dedicating a portion of each shift (i.e. one or two hours per shift), or overtime patrols.
5. Show that in some way agency attempted to inform the community about the mobilization. Examples may be hanging banners, putting up road signs, handing out materials, staffing a booth, engaging community groups such as Safe Communities or Safe Kids, etc.
6. Evaluate efforts. For example, were OUIL arrests affected up or down, indicate how many citations were issued. The agency could relay information about officer attitudes or habits, or about changes in the community, or whether or not there's an increase in citations/decrease in crashes. For example, the community reports zero alcohol-related crashes during x event compared to five crashes reported last year at the same event.
7. Report statistics from each of the four mobilizations to OHSP within five business days or be eliminated from participation in that mobilization.
8. Questions, call Scott Ellis at (517) 333-5336.
